

**Changes to the prospectus of the
FCP (collective investment fund) under French law
Candriam Global Alpha**

Unitholders of FCP Candriam Global Alpha are informed of the elimination of the commodities risk following the management decision to no longer operate in these markets.

The other changes made to the prospectus and KIID merely add details about the management of the fund, without altering the investment strategy.

The new Prospectus and KIID of the Candriam Global Alpha Fund will come into force on 6 September 2018.

The regulatory documents are available on request from:
